

## We provide hosted solutions for...

Telephony

Networking & Connectivity

Business Applications

## Hosted Café provides you with:

- Cisco Telephone System
- Local, Long Distance and International Calling
- Cisco Network
- Secure, Robust Network Connectivity
- Unified Communications Capabilities
- Telephone Handsets
- 24 x 7 x 365 Support
- ...and so much more

## The Goal of Hosted Café

To be an extension of your team, not just a vendor.

We bring in-depth expertise, a state of the art infrastructure, proven processes and an entire support team to your table.

It's about focus... Flexible hosted solutions enable you to reap the benefits of enterprise class solutions at a fraction of the cost....

- 1. Focus...** on your business and let Hosted Café handle the technology
- 2. Scale...** to your changing organization (easily add locations, users and options)
- 3. Relax...** knowing you're secure (data & system security / disaster recovery)
- 4. Return...** on Investment (ROI) is real and achievable
