### Making the Decision

Every situation is unique and every organization has a unique combination of requirements, resources and influences. Sometimes, however, you need some help with evaluating the possibilities. So, call us.

Netelligent has a powerful vantage point, as we understand the pros and cons of both the Buy solution and the Rent solution. And, we can help you assess what is best for your organization today and where you plan to be tomorrow.

### Considerations

- Business Focus
- Technology Needs & Requirements
- Existing Infrastructure, Hardware
- Existing Infrastructure, Software
